^aBilling providers includes any dental practice—group or solo—that was paid for dental services rendered to at least one child enrolled in Medicaid or NC Health Choice in state fiscal year 2012. Billing providers should not be confused with individual participating (attending or rendering) dentists. There are an estimated 2200 individual dentists participating in the NC Medicaid and NC Health Choice dental programs. Due to limitations in the Division of Medical Assistance's current information system there is not as much confidence placed in the accuracy of the count of attending or rendering providers (individual dentists).
