# The Center to Champion Nursing in America

The Center to Champion Nursing in America was created in 2007 to ensure all Americans have a highly skilled nurse when and where they need one.

# The *Campaign* Is...

**AARP** Foundation®

**AARP**®

Robert Wood Johnson Foundation 

and...

A network of multi-sector national and state coalitions working together to improve health and health equity through nursing so all people in the US can lead longer, healthier lives.

# The North Carolina Action Coalition

Serves as the driving force transforming health and health care through nursing in our state. Working with diverse stakeholders to create innovative solutions with nurses leading the way in building healthier communities, the North Carolina Action Coalition aims to improve the health and health outcomes of our population.

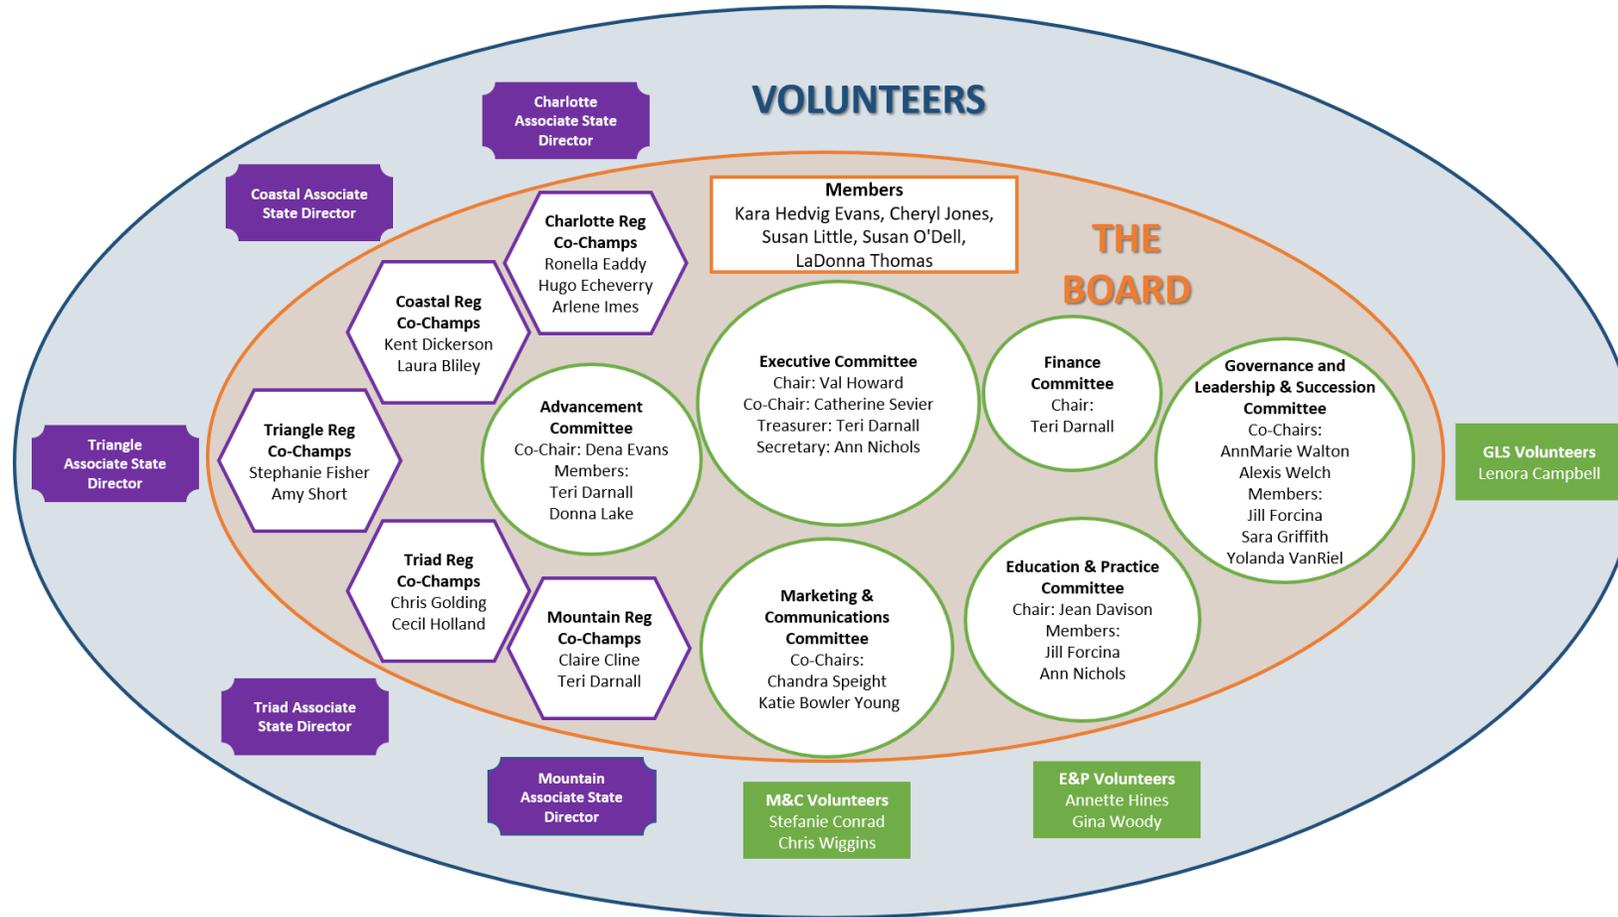

# Health Equity

*“Health equity means increasing opportunities for everyone to live the healthiest life possible, no matter who we are, where we live, or how much money we make.”*
